**19** College and University Police Departments have attended training.  
**16** newly engaged police departments.

## ABOUT DMH

### Vision

Mental health care is an essential part of health care. The Massachusetts Department of Mental Health (DMH), as the State Mental Health Authority, promotes mental health through early intervention, treatment, education, policy and regulation so that all residents of the Commonwealth may live full and productive lives.

### Mission

DMH provides access to services and supports to meet the mental health needs of individuals of all ages with severe and persistent mental health conditions across the Commonwealth, enabling them to live, work and participate in their communities. The Department establishes standards to ensure effective and culturally competent care to promote recovery. The Department sets policy, promotes self-determination, protects human rights and supports mental health training and research. This critical mission is accomplished by working in partnership with other state agencies, individuals, families, providers and communities.
